

# Velocify Setup Guide

## A. Before Installation

Before beginning the installation, please verify the following:

- You have manager permissions on your Velocify organization.
- Your Conversica account is provisioned and ready for use.
- You have established contact with your Conversica Technical Account Manager.

## B. Create Admin User

- Navigate to Menu > Administration > Manage Users > Add New User.
- Create a new user with a name of your choice and an email address that you own.
  - A verification email will be sent to that email address. Follow the link and create a password for that user.
- On the Manage Users page, find the new user and navigate to Options > Roles.
- Add “Administrator” to the Roles assigned to the new user.

## C. Connect Velocify with Conversica

At this point, you will notify Conversica that it is time to connect the two systems using the API. Please contact your Technical Account Manager to complete this step. When contacting them, please provide the email address and password associated with the new user.

## D. Conversica Custom Lead Fields

Once your Conversica service has been activated, we will automatically add a custom field group called “Conversica” in your Velocify account. This group will include the following fields for each lead:

## E. Create a report and Synchronize Lead Data with Conversica

In order to sync leads, Conversica will access your Velocify account using the user you created earlier and running a report that will look for leads that have a value in the “Conversica Dialogue” field. Populate the “Conversica Dialogue” field with the name of the Conversica Conversation ID on which the lead will be worked.

You will need to create a report that contains the following columns:

- Id
- State
- City
- Zip/Postal Code
- Email
- Name
- User
- Date Added
- Conversica Stop
- Conversica Skip to Follow Up
- Campaign
- Conversica Dialogue

Step 2: Select Columns [Conversica Report]
« Step 1   Step 3 »

Available Columns		Columns in Report
<div style="border: 1px solid #ccc; padding: 5px;"> <div style="background-color: #f0f0f0; padding: 2px;">– System Fields –</div> <ul style="list-style-type: none"> <li>Id</li> <li>Campaign</li> <li>Status</li> <li>Milestone</li> <li>User</li> <li>User Id</li> <li>Group</li> <li>Date Added</li> <li>Dashboard Milestone Date</li> <li>Date Modified</li> <li>Action Count</li> <li>Calendar Event Count</li> <li>Log Count</li> <li>Total Contact Attempts</li> <li>Flagged</li> <li>Read Only</li> <li>Lead Type</li> <li>Last Action</li> <li>Last Action Date</li> <li>Last Action Note</li> <li>Last Assignment Date</li> <li>Last Distribution Date</li> </ul> </div>	<div style="margin-bottom: 5px;"><input type="button" value="Add »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="COUNT »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="SUM »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="MIN »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="MAX »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="AVG »"/></div> <div style="margin-bottom: 5px;"><input type="button" value="« Remove"/></div>	<div style="border: 1px solid #ccc; padding: 5px;"> <ul style="list-style-type: none"> <li>Id</li> <li>State</li> <li>City</li> <li>Zip/Postal Code</li> <li>Email</li> <li>Name</li> <li>User</li> <li>Date Added</li> <li>Conversica Stop</li> <li>Conversica Skip To Follow Up</li> <li>Campaign</li> <li>Conversica Dialogue</li> </ul> </div> <div style="text-align: right; margin-top: 5px;"> <input type="button" value="Up"/>  <input type="button" value="Down"/> </div>

**NOTE:** The “User” field will be used for rep assignment. These users will need to be added into the Conversica dashboard. Let your Conversica Technical Account Manager know if you use an alternate name for any of the fields above.

Once the columns are added, you will set a filter in the report for leads whose Conversica Dialogue field contains the word “Conversica.” You will also want to add a filter to exclude any Do Not Email requests. Once this report is created, send the report ID to your Conversica Technical Account Manager as well as the field name of your Do Not Email field if you have one.

Should you have any questions or issues, please don’t hesitate to connect with your Conversica Technical Account Manager: email [Enterprise\\_CS@conversica.com](mailto:Enterprise_CS@conversica.com) or call (888) 633-7738.
